Food Safety Made Easy

HOW PRO PREMIUM WORKS

Pro Premium

More than a website.

Your own ServSafe business platform for:

- Getting found online
- Managing classes
- Accepting registrations
- Preparing students
- Automating communication
- Growing your training business

$24.99 /month · intro offer

Because once you see how it works, the value becomes obvious.

Your page. Your control panel.

1. Your own page

What students see.

- Your bio, services and service areas
- Your upcoming classes
- Online registration and payment
- Call and email buttons
- Built to show up in local ServSafe searches

2. Your dashboard

A fully functional control panel where you run it. Log in with your listing email, no passwords.

- Edit your page anytime
- Add classes, including recurring dates
- See who registered
- Automatic confirmation emails
- SafePrep codes and exam vouchers sent per seat

Built on the same system I use for my own classes.

Not a template. A working booking system, tested on real students, with your name on it.

Most ServSafe websites stop here

Many instructor websites can:

- Show a phone number
- Explain services
- Provide contact information

But students still have to:

- Call for dates
- Ask about pricing
- Register manually
- Wait for instructions
- Request directions
- Leave without ever registering

Pro Premium goes further

Students can:

- View classes
- Register online
- Buy packages
- Purchase exam vouchers
- Access training materials
- Receive instructions automatically

Your own booking page

Students can:

- View pricing
- Compare packages
- Choose a date
- Register immediately
- Purchase add-ons

A student registers. The system does the rest.

The moment someone signs up, the system automatically:

- Reserves the seat
- Sends confirmation
- Notifies the instructor
- Delivers directions
- Sends class details
- Sends SafePrep access codes
- Sends voucher information
- Sends any supplies required

No manual emails.

No repeated questions.

No extra work.

Students arrive better prepared

Every student can receive SafePrep, the adaptive ServSafe study app:

- Practice questions
- Weak area identification
- Exam readiness score
- Mobile access

Less repetition.

More productive classes.

Better outcomes.

Follow-up happens automatically

COMING SOON

24 hours before class

- Reminder email
- Directions
- Start time
- Special instructions

After class

- Review request
- Google review link
- Follow-up communication

Build reviews without chasing students.

Your instructor dashboard

Create: PACKAGES COMING SOON

- Class + Exam packages
- Exam Only packages
- Online + ProctorU packages
- Corporate training packages
- Private classes
- Group discounts

Manage:

- Class descriptions
- Pricing
- Promotions
- Dates
- Seat limits
- Registration availability

Schedule once. Repeat forever.

Instead of posting:

~~January Class~~

~~February Class~~

~~March Class~~

~~April Class~~

Create recurring events.

The system handles the rest.

- Weekly classes
- Monthly classes
- Quarterly classes
- Special events
- Corporate sessions

Additional products

COMING SOON

Promote and sell:

- Exam vouchers
- ServSafe books
- Study materials
- Practice tests
- Corporate packages
- Additional services

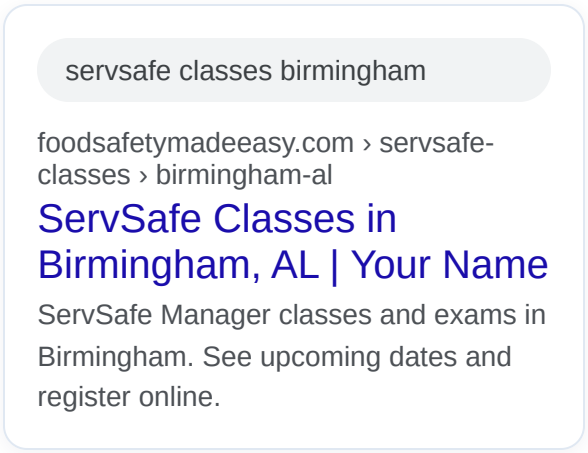

Everything managed from the same platform.

Students need to find you first

Pro Premium includes:

- Your own city-specific page
- Indexed by Google
- Built specifically for ServSafe searches

Examples: ServSafe Classes Indianapolis · ServSafe Classes Louisville · ServSafe Classes Birmingham · ServSafe Classes Portland

Example only. Search rankings are up to Google and aren't guaranteed.

Another path for students to discover your business.

Mobile management

Manage your classes from your phone. Planned features:

- Add classes
- Close registrations
- Cancel classes
- View students
- Update schedules
- See new registrations

Anywhere.

Anytime.

How many students does it take?

Pro Premium intro price **$24.99/month**

One additional student every few months may cover the cost.

One additional student each month can turn your page into a revenue-producing asset.

You didn't become an instructor to build websites, manage registrations, send reminders or chase reviews.

You became an instructor to teach. Pro Premium handles the rest.
